Mrs. B. R. Bradley is suffering from a fractured rib sustained in an automobile accident near Sanderson some two weeks ago. She and her daughter, Mrs. Eugene Mofield, were enroute to Sanderson on a visit to Mrs. Worden when another automobile ran into their car and turned it over about six miles east of Sanderson. Mrs. Bradley was painfully injured, and the shock and exposure (it was pouring down rain at the time) has left her in a weakened condition and her recovery is not as rapid as might otherwise be expected.

UPPER QUIHI NOTES.

Mr. and Mrs. Ben Gerdes of Peach Tree visited Emil Lehmborg and family here Monday.

Mr. and Mrs. W. R. Schuehle and little daughter spent Saturday and Sunday in San Antonio visiting relatives.

Mr. and Mrs. C. H. Fuos and Mrs. J. D. Schweers and little son, C. J., were San Antonio visitors Monday.

Mrs. W. J. Brucks and little daughter, Bernice, returned home Saturday after a pleasant visit to her sister, Mrs. Arthur Mechler, near LaCoste.

Mr. and Mrs. John Balzen visited relatives in San Antonio Sunday.

Mrs. Henry Martin of Peach Tree spent several days here this past week visiting her parents, Mr. and Mrs. Otto Neuman.

Mr. and Mrs. W. R. Schuehle and daughter, H. L. Schuehle, Oscar Filleman, Robert Senne and others were among those who witnessed the Pearsall Fair.

Mr. and Mrs. John Mueller and sons, Herbert and Theo., of San Antonio spent Sunday here, the guests of Paul Oefinger and family and Jacob Oefinger and family.

Miss Inez Gilbert and Miss Florence Fries spent last week-end with their parents near Bandera.

Mr. and Mrs. E. W. Balzen and son, Myrlin, visited Mr. and Mrs. Wm. Burger in Dunlay last Sunday.

Herman Gerdes and family, Otto Neumann and family, George Balzen and family, Mrs. Arnold Balzen and others attended the bazaar in Castrovilla last Saturday.

Misses Elene and Mabel Zuberbuehler of San Antonio spent last week-end in Dunlay visiting relatives.

Mrs. Herman Gerdes is spending the week in the Alamo City, the guest of her daughters, Mrs. Charlie Kennedy and Miss Rosa Gerdes.

Mr. and Mrs. Albert Eckhart and daughters, Ethel, Gladys and Emma Bell, of Bandera visited relatives in Quihi Sunday eve.

Mrs. Fritz Stiegler, Mrs. Emil Lehmborg and Misses Irene and Myrtle Stiegler visited relatives in San Antonio last Tuesday and Wednesday.

Mrs. Elgin Stiegler visited Mr. and Mrs. C. H. Fuos here Friday and Saturday.

Mr. and Mrs. Alfred Baeder and children of Hondo spent Sunday last here, the guests of Mr. and Mrs. E. J. Oefinger.

BABY BETTY PLEASES LARGE AUDIENCES AT THE EMPIRE.

(From San Benito Paper)
By "Critics"

A large and appreciative audience greeted Baby Betty last night and she in return did her best to please. Making six changes, each one a complete surprise—drawing from the audience tumultuous applause.

Her program consisting of dancing, singing and impersonating with her Daddy, Roy Gordon, at the piano injecting a good line of comedy, and tickling the ivories in a novel manner.

The final hit was registered when Baby Betty closed the set by playing Saxophones—large and small.

With her golden curls and wonderful personality combined with beautiful costumes—this little lady—only eleven years old—gives as finished a performance, as any star many years her senior—I would say she was—Versatility and Personality Plus.

If this is a sample of the entertainment the theatres in the valley have selected for this season—we should patronize and help keep the Valley supplied with good clean amusement.

QUIHI NOTES.

Beginning Sunday, the Bethlehem Lutheran Sunday school will begin Sundays during the winter months at 9:30 A. M. and the divine services at 10:30 A. M. All are cordially invited to both the Sunday school and divine services.

The program rendered by the Quihi Luther League last Sunday night was both interesting and entertaining. Every number on the program was well rendered and greatly enjoyed by the large and appreciative audience present. A business meeting was held immediately after the program in which a committee was appointed to consider measures relative to the raising of funds for a new and much desired piano.

An invitation was given all to attend the lectures to be given Sunday at 3:30 P. M. by the Rev. Dr. W. E. Schutte of Pittsburg, Pa., at the beautiful new Municipal Auditorium in San Antonio. This lecture is absolutely free as no entrance fee or collection will be taken.

Sunday morning, Nov. 7th, Reformation Sunday will be observed at Bethlehem Lutheran church. Following the divine service, the Holy Communion will be celebrated.

TO WHOM IT MAY CONCERN.

I have this day resigned the office of Deputy Tax Collector of Medina County, a position I have held since 1901 under Tax Collectors, Joe Ney, Fritz Frerich and F. G. Muennink, to whom I extend my thanks, for the kind and courteous treatment given me during my employment. I have no reason for resigning except the need of rest from my continuous confinement and the responsibility attached thereto, now wishing Joe Ney and F. G. Muennink health and prosperity, for kindness and confidence shown me during my employment. To the balance of the officers in the Court House, I trust the friendship shown me shall always remain as it was when I was associated with them. Wishing one and all success, I am,

Your friend,
AUG. HORNUNG.

Baptist Church Services.

Next Sunday the W. M. S. and the Y. W. A. will have charge of the service, giving two short Pageants: "The Family Circle" and "Perrotta's Message to Miss Y. W. A."

On Wednesday evening, November 3rd, there will be an Ordination Service at which some Deacons will be ordained.

The friends and the public are invited to attend these services.

THE G. A. GIRLS MEET.

The G. A. Girls met last Wednesday at the home of Ruby Neuman at four o'clock. Leader for the afternoon was Lucille Boon. Those who responded were: Theana Brown, Bernice Mcfield, Ruby Neuman, Mrs. W. C. Brown and Annie Love.

After program, refreshments of orangeade and cake were served.

—OPEN—

Open up your cedar chest, trunks, closets, and dig out your winter garments. The time is here. Have them cleaned with the new and up-to-date methods.

JENNINGS.

—NOTICE—

Services in English will be held Sunday night, Nov. 7, 1926, at 7:30 P. M. and Sunday night, Nov. 14, 1926, at 7:30 P. M. at Hondo Lutheran Church.

75 acres Second Crop of Sorghum, will cut between 125 and 200 tons. For Particulars apply to

L. E. KOLLMAN,
Hondo, Texas.

CHRYSLER NEWS.

Chrysler announces new model refined "70" and lower prices on all 6 cylinder models.

IT HAS ALREADY HAPPENED.

In an address delivered before the American Bar Association in 1916, Elihu Root said:

"There will always be danger of developing our law along the lines which will break down the carefully adjusted distribution of powers between the National and the State Government. Upon the preservation of that balance not necessarily in detail but in substance, depends upon the one hand, the maintenance of our National power and, on the other hand, the preservation of that local self-Government which in so vast a country is essential to real liberty."

Powers thus conferred under special motives and for special purposes do not revert. They are continued. And if the process goes on our local Governments will grow weaker and the Central Government stronger in control if local Government is dominated from Washington by the votes of distant majorities indifferent to local customs and needs. When that time comes the freedom of adjustment which preserves both National power and local liberty in our system, will be destroyed and the breaking up of the union will inevitably follow."

The growing indifference to our responsibilities in Government has already centralized more power in Washington than can well be utilized to the best advantage of the people. We preach local self-Government, but when something goes wrong, or we think something ought to be done, instead of taking hold of the matter ourselves, we call upon Washington to do it. Congress, ever willing to respond to organized demand, if votes are in jeopardy, organizes a new bureau and gives it almost unlimited power, and thus the right of local self-Government is abridged. It is with in the power of the people to reclaim their self-respect and initiative, but we will never do it unless we begin to do something for ourselves.—Alabama Times.

WHAT EVERY HOUSEWIFE SHOULD KNOW.

By Marian Jane Parker
Home Economics Department
Calumet Baking Powder Co.

An excellent way to make scrambled eggs go further—simply add half a slice of white bread, (soaked in milk and mashed with a fork,) for each egg used. Beat all together. This will almost double the bulk, and the bread will not be detected.

To fill a steaming tea kettle without running the risk of burning the hands by removing the top, place a small funnel in the spout and hold it under the faucet.

When mashed potatoes are left from dinner it is much easier to roll (or pat) into a long roll, cut into slices and fry. This makes even potato cakes and forming in one and cutting takes less time than moulding each cake.

Very often sticky fly paper comes in contact with the floor, furnishings or clothing, first apply a generous amount of kerosene to the article which is injured. The kerosene will quickly remove the sticky substance. It does not injure clothing and readily evaporates.

When baking nut or any kind of fancy quick breads for sandwiches, I grease a tin baking powder can, fill half full of dough and bake in the can. Then when you have sliced and filled your slices with desired filling, put these back in can and put the lid on it. It will take two cans of the same size to hold the sandwiches from the one loaf of bread. These are nice for lunches or picnics.

The secret of making confectioner's sugar icing taste like a cooked icing is to always add something hot to the sugar, thus taking away the raw taste. If it calls for butter, melt some, or use cream, milk, or water, hot.

IS OUR DOOM PATERNALISM.

Paternalism is a python skinning and swallowing our free institutions in the shining jaws of officialism.

State, federal, city and county now maintain official bureaus to merely record the birth of a child, and draw salaries for doing it. The latest wrinkle is a birth certificate mailed from the Department of Commerce, Bureau of Census. The citizen is warned of its great importance in all future affairs of life.

We are following in the wake of the most highly paternalistic country in the world. Germany was backed by militarism and officialism that kept a record of the individual from the cradle to the grave.

How far the Children's Bureau of the Census under the Department of Commerce will carry its supervisory of the family no one knows.

The history of nations shows that the python of self-extending officialism grows by what it feeds on. Is it crushing the free, independent citizenship of Our Country in its shining folds?—Selected.

OMNIPRESENCE.

By Fletcher Davis.

I prayed—but my parched lips grew dumb
And my spirit went cold and numb;
For hemmed in by dark walls of doubt
Their echoes put my faith to rout!

And my heart grew sick of the pain
That comes of prayer that is vain;
Despairing, I cried from the sod:
"Can man by searching find out God?"

But when I did a kindly deed,
Forgetful of my selfish need,
Lo, I found Him in spirit there
And His sweet peace was every where!

ST. MAWES LAD'S LA BELLE.

An Oregon Jersey cow has completed an official test in which she produced 883.76 lbs. of butter-fat and qualified for the highest award of 14185 lbs of milk in 365 days. Referred by the American Jersey Cattle Club, the Medal of Merit and in one month of the test she yielded the Silver Medal. Starting on at 95 lbs of fat.

THE CHRYSLER THE CAR FOR EVERYBODY.

CHRYSLER SUPERIORITIES MARK THE NEW CHRYSLER "50"

Superiorities due to Chrysler quality standardization of engineering and manufacture are everywhere apparent in the performance, appearance and construction of the new Chrysler "50".

The three models—Sedan, Coach and Coupe—all have full-sized roomy bodies typically Chrysler in their pleasing appearance and the charm of their tasteful colors.

Swung low over the wheels, these cars are so nicely balanced that smooth, effortless riding is possible at any speed up to 50 miles and more per hour.

Full balloon cord tires; horn button, spark and throttle control at the center of the steering wheel; regulators for all side windows; door locks, sun visor, windshield wiper; cowl ventilation, rear view mirror and transmission lock on all models are items of equipment which indicate the quality of the appointments of these fine bodies.

Scores of such points reflect the standardized quality which has been built into the Chrysler "50". When you see this car you will realize immediately a distinct contrast in favor of the Chrysler "50" when compared with other low priced cars.

This new Chrysler will carry you fleetly over even rough and rutted roads at 25, 30 or even more miles per hour. Such riding ease is rare in a car of the size and price of the new Chrysler "50".

Ease of handling has been built into the new Chrysler "50" to make it steer and brake with characteristic Chrysler swift ease and certainty. Women will enjoy driving this newest Chrysler. Chrysler durability and long life are built into the new Chrysler "50" in keeping with the high standards of performance required of all Chryslers by

their owners.

A trip through the departments where axles, motors and transmissions for Chrysler cars are machined, assembled and tested under the most meticulous supervision, will convince you that nowhere in these plants is any line of price drawn to limit the demand made upon Chrysler mechanics for that expert, careful workmanship and assembling that means long life for the car in the hands of its owner.

This single standard for every man and every operation in the Chrysler plant is your assurance that whether you buy the lowest or highest priced Chrysler the same measure of quality insuring the same long and uninterrupted service will be yours.

The careful balancing of parts and assemblies and the use of specially constructed, long wearing, light weight aluminum alloy pistons make the "50" motor the smoothest four-cylinder power plant which you have ever driven. The special spring mounting at the front of the engine developed by Chrysler engineers and a special impulse neutralizer emphasize this smoothness. An almost straight line drive means greater power delivered to the rear wheels.

The result of all these developments is a pickup of 5 to 25 miles in eight seconds, a maximum speed of better than 50 miles an hour; an economy 25 miles to the gallon, that is far thriftier than cars of similar size and performance can give you.

See this new Chrysler. Ride in it or drive it under any conditions. Subject it to the severest of tests. Then you will be convinced that here at last is the comfort and performance for which you have always wished at a price you can well afford to pay.

Roadsters with Rumble Seat \$995; Coupe, \$950; Coach \$985; Sedan \$1,040. These are delivered with full equipment.

MARRIED.

Mr. Robert L. Kollman and Miss Ella Mae Gaines were married at the Methodist parsonage at six o'clock yesterday morning, October 26, 1926, by W. S. Ezell, pastor of the Methodist Church performing the rite.

Immediately following the ceremony, the happy couple left on an auto trip to Dallas, Mexia and other north Texas points. After a brief honeymoon trip they will be at home on the groom's farm a few miles north of town.

Mr. Kollman is a prosperous young farmer who came to this section some five or four years ago from the Mexia section. His fair young wife is the youngest daughter of Mr. and Mrs. C. R. Gaines, was born and reared in this place, graduated from the Hondo High School and has been a most capable and efficient helper in her father's store. She numbers her friends by her acquaintances, for all who know her love her, and it is a pleasure to all to know that she is to continue to live among them.

This paper joins in extending congratulations and best wishes to the happy pair.

NOTICE.

For a limited time, we offer shares in our company at \$1.00 per share—any amount. We do this with the view of deepening our shaft and filling another well for real oil on the Carle land, about 10 miles north-west of Castroville, on the Potranco road.

San Antonio Ichthyol Mining Corporation, 805 West Russell Place, San Antonio, Texas.

NINETEEN YEARS SELLING BUICKS.

Since Aug. 20th, we delivered eleven Buick Sedans and one large Sport Roadster. Our success is due to selling the most reliable Automobile built, combined with courteous treatment and good salesmanship. We urge Buick owners to come to us for genuine Buick parts and service.

CORN SHELLING.

I am now shelling corn for the public at 3c per bushel. Ring telephone No. 982-F-21 and arrange for same. Can also bale your hay very reasonably.

JULIUS A. TSCHIRHART.

THE COMING ELECTION.

The bi-annual election of the State and County officers and Representatives in Congress for the state of Texas takes place Tuesday, November 2nd.

While last summer's primary elections virtually settled who will be our public servants for the next two years, it is the duty of every one to go to the polls and either register his approval of the choice of that primary or vote his protest. In that way only can public sentiment be accurately gauged and governmental policy directed by an actual majority.

In America the people have the making of the government, and get only such government as they make—or leave unmade—for themselves. But aside from these considerations, there are four proposed changes in our organic law that deserve the thoughtful attention of every voter.

One of the proposals deserves to be defeated without mercy, for if adopted it will be an entering wedge to destroy the principle of separation of the civil and military departments of our government and making the civil superior to the military as established by the fathers of our Constitution. It is a dangerous and vicious proposal, innocent as it appears on the surface. It should be defeated.

GRAND JURY REPORT.

Following is the report:

STATE OF TEXAS
COUNTY OF MEDINA

In District Court of Medina County, Texas. October Term, 1926.

To the Honorable L. J. Brucks, Judge Presiding:

We, the Foreman and members of Your Grand Jury, impaneled at this term of Court, herewith beg to submit this, our final report.

We have carefully and diligently inquired into all matters of a criminal nature which have come to our attention.

We herewith return seven True Bills in addition to four which were returned into Court yesterday. All of these are for felony except one.

We find that few if any of the Butchers doing business in this County or persons engaged in the slaughter and sale of animals for market have complied with Article 1449 of the Criminal Code of 1925, requiring said persons to report to the Commissioners Court of the County the number, color, age, sex, marks and brands of every animal slaughtered by them. We find a great deal of complaint in this County about the disappearance of cattle under suspicious circumstances, and we feel that if those engaged in this business would comply with the law just referred to, it would be of probable assistance in deterring and apprehending those who may be engaged in the theft of such animals.

We wish it understood that no evidence coming before this jury has given us any cause to suspect dishonesty on the part of any person engaged in the slaughter and sale of any animals but we do appeal to them to comply with the law referred to, as a protection to the owners of cattle. We wish to predict that unless those engaged in the slaughter and sale of animals for market in this County, do, in the future comply with Article 1449 of the Criminal Code, that future Grand Juries, under existing conditions, will be forced to invoke against such persons said law which carries a fine of not less than \$50.00 and not more than \$300.00, and we earnestly request such persons to, in future, file their reports in the manner at the periods required by such statute.

We recommend that the Auditing Committee customary to this County, be appointed under the direction of Your Honor, to inspect and report on the Books of the Various County Officials, but with this change that said Committee file its Report at the Fall Term, of this Court, 1927.

We have made due inspection of the County buildings and grounds and find the Jail well painted inside and neat and sanitary. The interior of the Court House is in as good condition as might be expected, but recommend that the building be repainted.

We wish to thank Your Honor for your clear and able Charge to this Grand Jury relating to its duties, and to advise you that same has been of much assistance to us in our deliberations.

Having concluded our duties, we now ask that we be discharged subject to call should conditions so warrant.

Respectfully submitted,
H. G. WILSON,
Foreman.

Another is to abolish the Board of Prison Commissioners, a board now appointed by the governor with the consent of the Senate, and place the management entirely within the hands of the Legislature, a body already delegated more authority than it can intelligently exercise. The proposal is a useless innovation with little of merit to recommend it. It should be killed.

Another has the merit of removing the legislative meddling in the formation of Independent school districts, as we now have, and leaving the matter where it rightfully belongs, in the hands of the people of the districts. To secure this desired end we shall vote for it, although the amendment will help to further fasten the free text book folly on us.

And the last, is a fight between certain eastern and western counties over certain school lands owned by one but situated in the other. Both sides have merit in their contentions, but on the basis that it does violence to the principle that public property shall not be taxed, it too should be defeated.

It is passing strange that men posing as representative Democrats will propose such undemocratic ideas as has characterized most amendments proposed in recent years, a practice that has discredited all proposals and makes the voter suspicious of every one no matter what its merits.

CITATION BY PUBLICATION.

No. 399.

Emil Wolff

vs.

R. N. Deckert.

In Justice Court, Prec. No. One, Medina County, Texas.

To the Sheriff or any Constable of Medina County, Texas, Greetings:

You are hereby commanded to summons R. N. Deckert, defendant, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in the Hondo Anvil Herald, a newspaper published in Hondo, Medina County, Texas, to said R. N. Deckert, to appear at the next regular term of the Justice Court of Medina County, to be held at the court house thereof in Hondo, on the 1st Monday of December, 1926, the same being the 6th day of December, 1926, in a suit, numbered on the docket of said court No. 399, then and there to answer a petition filed in said court on the 6th of October, 1926, wherein Emil Wolff, is Plaintiff, and R. N. Deckert is Defendant, said petition alleging an open account for the sum of \$72.66 with a credit of \$2.50, leaving a balance of \$70.16, now due, owing the plaintiff for threshing oats for the defendant.

Herein fail not, but have before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have served the same.

Given under my hand and seal of said court in the town of Hondo, Medina County, Texas, this 12th day of October, 1926.

(L. S.) A. M. LAMM,
Justice of the Peace in and for 4th Medina County, Texas.

TRUSTEE'S SALE.

STATE OF TEXAS

COUNTY OF BEXAR

WHEREAS, on August 15th, 1925, the Wilson Lodge and Club, Inc., acting by R. W. Wilson, President, executed and delivered to the West End Lumber Company its promissory note for \$7562.23, being fully described in the Deed of Trust, of even date therewith, securing the same, said Deed of Trust being recorded in the Deed of Trust Records of Medina County, Texas, conveying to M. W. Terrell, Trustee, the following property:

The leasehold agreement, dated January 9th, 1920, from F. P. Seekatz to Charles H. Cook, transferred to F. A. Tallmadge, covering ten acres of land on the East side of Medina Lake, in Medina County, Texas, out of survey No. 79, patented to F. P. Seekatz, now known as "Camp Medina", recorded in Volume A, No. 67, p. 552, Deed Records of Medina County, Texas, to which reference is made. Also all appurtenances and real fixtures, of every kind and character, on, attached to, or appurtenant to said land and leasehold estate. Also one Vim 2-ton truck, approximately 50 row boats, 4 motor boats with motors, 2 motor boats without motors, 1 barge, 1 13-15 Buffalo motor, all tools, machinery and equipment used in the operation of said "Camp Medina," all gasoline and oil storage tanks located upon said property, all wharf and swimming equipment located thereon. Also 1 complete electric light plant and 1 complete water system, and all other personal property conveyed by F. A. Tallmadge and wife, to R. W. Wilson on the 17th day of July, 1923, to which reference is here made; and

WHEREAS, default has been made in the payment of said note, \$7063.06 principal, together with \$337.76 interest to September 15, 1926, and interest thereafter until paid as specified in said note, together with trustee's fee of 5% and 10% attorney's fee provided in said Deed of Trust and note, being due thereon, and said note has been declared due by said holder thereof; and

WHEREAS, M. W. Terrell, Trustee in said deed of trust, as aforesaid, has been requested by said West End Lumber Company to enforce the terms of the same as such trustee.

NOW, THEREFORE, in accordance with the provisions of said Deed of Trust, I, M. W. Terrell, trustee, will sell at the door of the Court House of Medina County, Texas, in the City of Hondo, the hereinabove

described property, together with all and singular the rights, members and appurtenances thereto in anywise belonging to the highest bidder for cash on the first Tuesday in November, 1926, that being the 2nd day of said month, between the hours of ten o'clock A. M. and four o'clock P. M., on said date to satisfy said note and expenses of sale.

WITNESS MY HAND at San Antonio, Texas, on this the 7th day of October, 1926.

M. W. TERRELL,
Trustee,
San Antonio, Texas.

Our Castroville Page

Local, Personal and Business Items from This Busy Burg

CASTROVILLE, TEXAS, FRIDAY, OCT. 29, 1926.

ED. HUEHNER, Local Representative

News or business matter for this page for the week's issue should be submitted to Mr. Huehner or mailed direct to us at Hondo not later than Wednesday night of each week.

We are glad to state that Mrs. Ed Hans was able to return home from San Antonio Wednesday, where she had undergone an operation some time ago. We join her many friends in wishing the lady a speedy and permanent recovery.

Mr. Chas. Dumont, of Cliff, was brought to town one day last week for medical treatment. He is staying with Mr. and Mrs. Otto Schmidt. We join his many friends in wishing a speedy recovery.

Mr. Wm. Rihn, Jr., left for San Antonio Thursday, where he opened a Garage and Filling Station on the Fredericksburg road just outside the City limits. Success to you, Wm.

Our next door neighbor, Mrs. Jacob Groff, invited a number of her lady friends Friday, and there was sure some quilting done.

The little son of Mr. and Mrs. Martin Schneider had the misfortune to fall in hot ashes one day last week, and burn his little hand and leg, and little Harriet Ihnken dropped a meat chopper on her foot the same day, sustaining two ugly cuts. At this writing, both little patients are getting along nicely.

Rev. Walter Kralik left Saturday morning for Karnes City to attend a Lutheran Conference.

Saturday night's old time dance was largely attended and very much enjoyed.

D'HANIS NEWSLETS

A round-up of Local, Personal and Business Items gathered weekly by our Regular Correspondent

Miss Thelma Langfeld

to whom all items intended for this column should be handed not later than Wednesday noon of each week. Miss Langfeld is authorized to collect and receipt for money due this paper.

Mr. and Mrs. Jno. Fohn and daughter, Annie, and Mr. and Mrs. Alex Wendland of Hondo were visitors here Sunday.

Mr. and Mrs. Ed. M. Peter and family of Saspanco were guests of Mr. and Mrs. Louis Carle, Jr., Sunday.

The little daughter of Mr. and Mrs. Hy. Biry was christened Sunday. The name given to her was Vivian Lena, while her sponsors were Miss Magline Biry of Hondo and Mr. Chas. B. Langfeld.

Mrs. Hy. Rothe and daughters spent Sunday in San Antonio with Misses Sarah Rothe and Cornelia Koch.

Misses Ruth Schrieber, Eunice Langfeld and Florence Bauman and Messrs. Ed. and Chas. Schrieber of San Antonio were visiting with Mrs. Lena Langfeld Sunday.

Miss Agnes Emmer of Saspanco was the guest of Miss Virginia Wallrath Sunday.

Mrs. Theresa Mandry spent the week-end at San Antonio with her son, Jacob.

Mrs. Louis Carle Sr. and daughter, Aggie, and Mrs. Arnold Finger and daughter, Mary Ann, were Hondo visitors Tuesday.

Mrs. Alf. Zinsmeyer and daughter, Grace, were Hondo visitors Tuesday. Mr. Eric Rothe made a business trip to San Antonio Friday, returning the same evening with his Buick Roadster.

Mrs. Hy. Muennink of Hondo spent the week-end with her mother, Mrs. Alf. Zinsmeyer.

Mr. and Mrs. Emil Biry and daughters of Hondo were visiting Mr. and Mrs. Hy. Biry Sunday.

Messrs. Louis Garteiser, Hy. Langfeld, Joe Rieber and Jack Lacy were jurymen at Hondo this week.

Mr. Alfred Carle of San Antonio is visiting Mr. and Mrs. Joe Carle.

Mr. and Mrs. Ben Zerr and family were Hondo visitors Sunday.

Mr. Jack Koch of San Antonio is visiting with Mr. and Mrs. Pete Koch.

Mr. and Mrs. Frank and family were visiting at Utopia Sunday.

Mr. and Mrs. Val. Sabaskie and child, Mesdames Chas. Britz and Sabaskie all of San Antonio were visiting Mrs. Britz Wednesday.

Chat And Stitch Club.

Misses Elsie Nehr and Thelma

Bunco was the amusement feature for the afternoon. Four tables of players were present to enjoy the games.

After a series of games, Mrs. Emil Brode was the fortunate winner of high score trophy, a pretty turkish towel. Mrs. F. G. Muennink won second prize and Mrs. Paul Weyand the booby.

Sandwiches, cake and iced tea were served to the following: Mesdames Emil Brode, Ilse, Earnst, Mrs. Regina Deckert, O. W. Tondre, Jno. Rieber, Aug. Nester, F. G. Muennink, Paul Weyand, W. A. Brown, Louis Carle, Jr., Ferdie Koch, Bertram Simpson and Frank Surwick.

Birthday Party.

Mrs. Fred Reinhart entertained a number of little girls last Saturday afternoon with a matinee party honoring her niece, Annette Rothe. After seeing, "Hold That Lion" at the Colonial, all went to Parker's where a long table had been prepared. Down the center of the table bobbed vari-colored balloons tied with yellow ribbon bows, Hallowe'en horns and lolly-pops were given as favors. After the ice course, the young folks "enjoyed" their horns to the fullest extent of their lungs. Good wishes and "good-bye's" were then said and the presentation of many pretty tokens of remembrance completed the happy occasion.

Those present were: Alta Finger, Lea, Grace and Joe Kelly, Varena and Stella Finger, Charlotte Miller, Mary Emma Finger, Bonnard Rothe and the honoree, Annette Rothe.

School Notes.

Last Friday night the patrons of the D'Hanis High School met at the school building. After an interesting program, a community club was organized. The officers were elected as follows: President, Chas. Hubbard; Vice-Presidents, Jno. Batot, Alf. Nester and Mrs. Nixon; Secretary, Mrs. J. L. Williams; and Treasurer, Mrs. H. J. Vogel.

The next meeting will be held at the school grounds with a Hallowe'en party and program. The patrons and school children are welcome.

FOR SALE.

One good 3 1/2 in. Luedinghouse wagon, the easiest running wagon on the market, and an extra good heavy set of leather harness all hand made, with collars and bridles complete. Also an extra good young Jersey cow, that makes a pound of butter a day when fresh.

Are You a Nervous, Irritable Woman?

San Antonio, Texas.—"I used Dr. Pierce's Favorite Prescription for feminine trouble, and it helped me very much; I suffered at times so I would have to go to bed. I would have headaches and a dragging sensation and was very nervous and irritable, but after taking the 'Prescription' I gained in weight and felt better in every way. I certainly am glad to tell others what this medicine has done for me."—Mrs. J. D. Scott, 223 Keller.

Put up in both fluid and tablet form. Send 10c to Dr. Pierce, Buffalo, N. Y., for trial package of tablets. Write for free medical advice.

Faulty Elimination

Should Be Corrected—Good Elimination Is Essential to Good Health.

If you would be well, see to your elimination. Faulty kidney action permits toxic material to remain in the blood and upset the whole system. Then, one is apt to have a tired, languid feeling and, sometimes, a toxic backache or headache, and often some irregularity of secretions, such as scanty or burning passages. More and more people are acclaiming the value of Doan's Pills, a stimulant diuretic, in this condition. For more than forty years Doan's have been winning favor the country over. Ask your neighbor!

BRING MEAT ON THE FARM IS ESSENTIAL.

Method Given For Curing Hog
Meat; Tried and Tested.

By Jack Baker.

We farmers should be able to
cure hogs and cure our meat at
a much less cost than the cost
of purchased meat. Enough for
consumption should always be
cured. Where a trade can be estab-
lished for country-cured meats it is
advisable to take advantage
of the profits to be had and cure
additional meat in connection with
the needed for home consumption.
The first essential in curing pork
is to be sure that the carcass is
thoroughly cooled. The ideal tem-
perature for meat curing is 38 de-
grees Fahrenheit. Meat should never
be allowed to freeze either before
or during the process of curing.

There are two methods of curing
pork—the dry cure and the wet
cure. Both have been used suc-
cessfully. The dry cure is more
generally used, mostly
because it is simpler and
requires less handling of meat. The
wet cure is more satisfactory, however,
because the temperature can be regu-
lated by running up during the
process of curing.

Temperature ranging from 50
degrees up retards the curing and
is dangerous in the meat spoil-
age. In curing meat by either method
it is advisable to rub the surface
of the meat with fine salt and al-
low it to drain, flesh side down, for
ten or twelve hours before the real
process of curing is started.

The dry curing method is to
use the following mixture is
used.

For each 100 pounds of meat use
pounds of salt, 2 1/2 pounds molas-
sine (warmed slightly) 2 ounces black
pepper, 2 ounces red pepper.

Mix the ingredients well, rub the
meat thoroughly with the mixture
pack in a barrel or box. On
third day unpack the meat and
allow it to insure thorough contact
with the meat cure mixture, then
allow it to remain until the cure is
completed. Small pieces cure more
rapidly than the large pieces, there-
fore, it is advisable to know the
weights of the different pieces in
order to have them all cured prop-
erly.

Allow two days in cure for each
pound of weight; for example, a 15-
pound ham will require 30 days,
a 10-pound cut will require
20 days. By placing the heavy
end on the bottom of the barrel or
box it will not be necessary to re-
turn them in taking out the smaller
pieces as they are cured. After the
meat is cured hang it in a smoke-
house without washing.

When meat is to be cured by the
pickling or brine method the
curing mixture should be prepared
preferably the day before it is
used, so that all ingredients
have time to dissolve. Some-
times it is less trouble to use the
cure, however, due to climatic
conditions it is advisable to use the
dry cure.

For each 100 pounds of meat use:
pounds of salt; 2 1/2 pounds
brown sugar, or 1-1 1/2 quarts mol-
asses or cane syrup; 3-1 1/2 level
spoons powdered saltpeter; 4 1/2
cups water.

All ingredients should be placed
in a water and thoroughly stirred.
Place a layer of salt on the bot-
tom of the barrel or box and pack
meat skin down, placing hams
shoulders next, bacon sides and
cuts on top. Cover with boards
piled down with stone or bricks
(iron, as iron rusts and will stain)
the pickle in and be sure it
is the meat thoroughly. Remove
the meat in seven days, also re-
place all the pickle, replace the meat
in container, weigh it down, and
cover again with the pickle.
At this process every seven days
the cure is complete.

Pickled becomes rosy, take out
the meat and wash it and the
inner thoroughly. Boil the rosy
meat, or better, make a new one.
Each piece of meat has received
the proper care remove it from
pickle and wash in lukewarm
water.

PICKLED PORK.
Cut into suitable pieces
curing are generally treated in
the following manner: The pieces
of meat are packed in a container
a pickle made of the following
ingredients is poured over the meat:
four gallons of water add 10
pounds of salt and two ounces of
sugar for each 100 pounds of
meat. Cook pickle pork thoroughly
it is eaten, thus avoiding
dysentery, a disease likely to result
from eating uncured pork.

PICKLED PIG'S FEET.
The feet may be used for pickled
feet or pig's foot jelly. In
R. R. Reppert, Entomologist.
In salt pickle for several days,
boil them for varying length
of time, depending upon the size
of the feet, taking care to remove

them from the kettle before the sepa-
ration of the meat from the bones.
Split the feet lengthwise, place them
in a jar or other receptacle, and
cover with vinegar to which bay
leaves, allspice and whole black pep-
per have been added.

PIG'S FOOT JELLY.
Pig's foot jelly is prepared by cur-
ing the feet for several days in salt
pickle, after which they should be
boiled until the meat separates from
the bones. Add vinegar, allspice and
pepper and pack into molds.

A GOOD "HOBBY" TO PUSH ALONG.

From that model county seat week-
ly, The Lockhart Post-Register, of
recent date, we clip the following:
"We used to write considerably
urging the introduction of the milk
goat into Caldwell county. Our
friend, Fletcher Davis, editor of the
Hondo Anvil Herald at Hondo, who
of all country editors we know seems
most conversant with farm affairs,
said it was a hobby. We don't know
what the attitude of Brother Davis
upon the milk goat now is, but thru
the years brethren of the press have
joined in the contention that thru
the milk goat only can some child-
ren be supplied with fresh, whole-
some milk. Not long ago, a farmer
said that the Mexicans on his farm
keep some nannies that bear kids
thru the year which are eaten and
the milk of the nanny supplies the
children of the family with health-
giving, body building food. He says
the Mexicans pasture their goats
along roadsides and ravines and the
stock seem to thrive. He thinks the
health of the Mexican children is
conserved by the supply of goat's
milk. We would not substitute the
goat for the cow. O no. But we
would introduce the goat where it
is impossible to keep a cow. We
must save the babies, whether white,
brown or black. If some philan-
thropic society would buy a herd of
milk goats and in cases where doc-
tors report a baby dying for lack of
fresh milk, lend the family one of
these goats, they would thereby save
almost as many as thru the city milk
and ice fund. Our interest in the
goat is the possibility of its becom-
ing an agent in the reduction of
infant mortality."

Whether our friend Schofield has
his wires crossed and this editor is
getting credit for the preachments of
some other or whether we are
guilty as charged our memory re-
fuses to disclose.

And we are not much concerned
about that phase of the subject in
hand either.

What we want to add and to em-
phasize very firmly is that be it a
"hobby" or not it is a good thing
and deserves to be pushed.

There are thousands of farms in
that central black land belt of Texas,
of which Caldwell County is no small
part, where no cows are kept.
Underfed families and under-
nourished children are an inevitable
consequence.

But be the consequence direful as
it may, it is going to continue that
way.

On many cotton farms there is
no land available for pasture even
for a small Jersey cow, her product
would be more than many modern
farm families could profitably con-
sume after her care and keep is
entailed upon the grown-up mem-
bers of the family who feel that
every ounce of their energy must
be applied to the crop.

A gentle milk goat could in a
measure be turned over to the care
and companionship of the children.

It could be tethered and made to
browse on the waste places and be-
come a useful agent in keeping down
noxious weed growth, including that
curse to the black land farmer, John-
son Grass, while at the same time
affording the family an ample sup-
ply of much needed milk of a far
greater wholesomeness than cow's
milk.

If black-land landlords will en-
courage the keeping of a milk goat
by their tenants they will do a wise
thing from both a humanitarian and
an economic standpoint—promote

Bayer Aspirin Proved Safe

HENRY V. HAASS

FOR COUNTY SURVEYOR.

I hereby announce my candidacy
for County Surveyor of Medina
County subject to the November
election. As it is too late to have
my name printed on the ballot it
will have to be "written in" by
those voters who wish to give me
their support.

Respectfully,
ARTHUR H. ROTHE.

SOME MISTAKES CORRECTED.
It has come to my notice that

Bad Color (liver trouble)

"OCCASIONALLY I am trou-
bled with spells of consti-
pation and inactive liver," says
Mrs. John L. Pence, Broadway,
Va. "I always use Thedford's
Black-Draught when I feel a spell
of this kind coming on, for it
saves me a bad headache. My
color gets sallow at times. I get
real yellow, showing that the trou-
ble comes from the liver."

"I have found Black-Draught to
be the finest kind of a remedy
for this. I take Black-Draught
and make a tea out of it, and take
it, along in small doses for sever-
al days. I have never found any-
thing that served me so well."

"Since I have known about
Black-Draught, I have not suffer-
ed nearly so much with head-
ache, caused from indigestion. If
I find my tongue is coated, and
I wake up with a bad taste in
my mouth, I know I have been
eating indiscreetly, and I im-
mediately resort to Black-Draught
to straighten me out."

When You Have Backache

There is a time-tested medicine that usually
brings relief even in severe cases—
Dr. Miles' Anti-Pain Pills.

Try them whenever you are suf-
fering from any of the following disorders. Your
money back if they fail to relieve.

Headache, Backache, Neuralgia, Toothache, Monthly
Pains and pains caused by Rheumatism and Neuritis.
We will be glad to send samples for 2c in stamps.
Dr. Miles Medical Company, Elkhart, Ind.

certain false statements are being
circulated, which are false, and like-
ly to injure my race for Sheriff, of
this county, if not corrected; and
I am taking this method of entering
an unqualified denial to each and
all of them.

1. It has been stated that I was
once a deputy sheriff under the
present incumbent and was discharg-
ed by him. This is untrue. I have
never been a deputy sheriff in Me-
dina County.

2. It has been circulated that I
am or have been a member of the
Ku Klux Klan. This is also untrue.
I have never at any time been a
member of the Klan, or had any
affiliation with the order.

I am running for this office upon
my record as a citizen of Medina
County for the past ten years; and
if elected will discharge the duties
of the office, to the best of my skill
and ability without fear or favor to
any one.

Very respectfully,
E. L. BROD.

HEAL THOSE SORE GUMS.
If you suffer from Sore Gums,
Bleeding Gums, Loose Teeth, Foul
Breath, or from Pyorrhea in even
its worst form, we will sell you a
bottle of Leto's Pyorrhea Remedy
and guarantee it to please you or
return money. This is different from
any other treatment, and results are
certain. Windrow's Drug Co.

A TONIC

Grove's Tasteless chill Tonic restores
Energy and Vitality by Purifying and
Enriching the Blood. When you feel its
strengthening, invigorating effect, see how
it brings color to the cheeks and how
it improves the appetite, you will then
appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply
Iron and Quinine suspended in syrup. So
pleasant even children like it. The blood
needs QUININE to Purify it and IRON to
Enrich it. Destroys Malarial germs and
Grip germs by its Strengthening, Invigor-
ating Effect. 60c.

GO TO L. Barrientes & Sons FOR GOOD FRESH FRUITS and VEGETABLES IN SEASON These are FRESH at all times PHONE 132 HONDO, TEX.

MASONS CELEBRATE.

Last Monday night was an eventful one in local Masonic circles. The largest attendance ever gathered for a called communication of Hondo City Lodge within the memory of the oldest Masons present assembled at an early hour. Many visiting brethren were among the number, including a large contingent from San Antonio.

Work in both the Fellow Craft and the Master's Degrees was put on, an interesting feature of the work being the conferring of the Master's degree on Rev. W. S. Ezell, Pastor of the local Methodist church, by Rev. A. M. Foster, former pastor of this church but now of Cotulla.

After the lodge completed its labors all adjourned to the auditorium, where members of the families of Masons and a number of invited guests awaited their coming. Here a delicious plate lunch of fried chicken, salad, cake and coffee was served to all present.

O. A. Fly, Worshipful Master of the lodge, acted as master of ceremonies. He introduced Professor W. N. Saathoff who spoke "To the Ladies". Mrs. George Gilliam rendered a beautiful piano solo. Mrs. O. E. Lacy, for the Eastern Star, spoke "To the Masons". Mrs. Horace Bradley, Mrs. O. A. Fly, Mrs. W. C. Brown and Mrs. Phillip Schoop sang in their beautifully blended voices a patriotic selection, "Land of the Pilgrims Quest". Mrs. W. H. Smith accompanying them on the piano. Horace Kelton of San Antonio, in a few happily phrased remarks, presented veteran's certificates to seven members who have passed the age of seventy years. They are Dr. J. H. Pluck, Judge V. H. Blocker, Judge Ed. de Montel, Judge A. M. Lamm, Dr. B. R. Bradley, Rev. J. M. Alexander and Wm. Boon. Only the two first named were present, the others being prevented from coming for various reasons. After the presentation ceremonies, Ex-Mayor O. B. Black of San Antonio, delivered a pleasing address on "Masonry".

The evening was enlivened with several selections by the Hondo Orchestra, and a most enjoyable and profitable evening was spent by every one present.

THE SOPHIAN CLUB.

The Sophian Club met for their regular meeting Wednesday evening, which was opened by singing "America the Beautiful".

After the business meeting during which Miss Lena Stone, president of the club, was elected a delegate and Mrs. P. Jungman alternate, to the State meeting of the Federation of Women's Clubs, which convenes in Dallas in November, Miss Ruth Edwards led the afternoon's study of "Patriotic Songs" by telling the story of the composition of "The Star Spangled Banner" and giving a sketch of the life of Francis Scott Key. The club then sang the National Anthem.

Miss Julia Schroeder compared the poem, "The Swamp Fox", by Simm's with that of Bryant's "Song of Martians' Men."

Miss Bess Brucks, substituting for Mrs. J. A. Horger, gave an analysis of the poem, "Land of the South", and a sketch of the author, Alexander B. Meek.

Miss Lena Stone, substituting for Mrs. R. J. Noonan, told the story of the composition of O'Hara's "Bovonac of the Dead" and gave an analysis of the poem.

BIRY SURPRISE.

Friends and relatives surprised Mrs. R. L. Haass and family at Biry with a farewell social Wednesday evening from eight o'clock until twelve.

After a pleasant evening of conversation and dancing, delicious refreshments of cake, sandwiches and coffee were served to about one hundred guests, after which each one departed for their homes, wishing Mrs. Haass and family luck and happiness in their future home at San Antonio, Texas.

MISS GAINES HONORED.

Miss Willa Mae Gaines, a bride of the week, was the honoree at a delightful "bridge" given by Miss Lillian Brucks Saturday afternoon.

Little Miss Genevieve Brucks distributed tallies in bridal design to the assembled guests. After several games of bridge Miss Josephine Brucks held high score and presented her prize of hand painted China to the honor guest. Then a tray piled high with packages was brought in and placed before the bride-to-be and a merry time was spent in examining dainty lingerie, sachets, beribboned caps, etc.

Refreshments of iced tea, pineapple and banana salad, sandwiches and wafers were served. The plate favors were miniature brides in lacy veils and grooms in tall top hats.

Those present and sending gifts were Mesdames C. R. Gaines, Arthur Wiede of Lockhart, Floyd Griffin, Ray Jennings, T. B. Knopp, Geo. Gilliam of Taft, Robert Bendels, Roland Gaines, Jack Forgason, Garland Martin, A. N. Eby, Joe Monihouse, P. P. Brewster, Louis J. Brucks; Misses Bess and Josephine Brucks, Lorraine Heath, Hettie Stigler, Nora Karrer, Dee Crow, Clara Filleman, Clara Decker, Octavia Davis and the honoree and hostess.

THE COLONIAL MAKING GOOD.

It seems that the Colonial is determined to carry out its promised plans of long ago. In the first place, it promised more seating capacity as well as more room, then the conveniences and the comfort in the line of seating, cool, fresh air, a stage equipped with its scenery, and now comes the Vaudeville promised. It looks like we will get Vaudeville of the higher class as to date the Colonial is booked for four high class acts which have been playing big time circuits. These acts come to Hondo from Kerrville and go to New Braunfels, from there to Georgetown and to Temple and on into Dallas. All of the acts are booked direct out of a Dallas theatrical Agency. First they play the Key Cities and double around to the next better and is seems Hondo will in just a short time be playing right up to the very biggest of them all. The general public owes lots to the Colonial theatre and its managers for the great many pictures they have brought to Hondo and the improvements they have done for the betterment of the better motion pictures.

WOOD FOR SALE.

9½ cord rick, mesquite,	
some hackberry, some	
large sticks	\$ 30.00
18 cord rick live oak	90.00
18½ cord rick, mesquite,	
some hackberry	70.00
18 cord rick, mesquite	72.00
11½ cord rick, mesquite	45.00
31 cord rick, mesquite	120.00
36 cord rick, live oak	180.00

The above is sound 4 foot wood, cut in the spring of 1925 and located on my farm 2 miles northeast of Hondo. I want to sell it by the rick to avoid having to measure it out in small lots, because I do not live on the farm. Go and look at it, then if you want one or more ricks, send me your remittance and I will release the wood to you. I also have mesquite posts to sell at 10 cts. to 20 cts. each.

W. F. CUNNINGHAM,
722 Brady Bldg.,
San Antonio, Texas.

HONDO BOY MARRIED.

Charles Brucks, the second son of Judge and Mrs. L. J. Brucks of this place, was married to Miss Katherine McMahan, October 15, 1926, at Sacred Heart Church, Chicago Illinois.

Charles was born and reared in Hondo and graduated from the Hondo High School in the class of 1922. Always of a mechanical turn of mind, he has a lucrative position with a big radio firm in Chicago.

His many friends among Anvil Herald readers will join us in congratulations and best wishes for his future success and happiness.

ING UP FIELDS THIS FALL
INCREASE COTTON PRO-
DUCTION NEXT YEAR.

derable interest is being
ed in the fall clean up
various insects and diseases
the cotton crop. As cot-
ing is being completed farm-
immediately giving their at-
to this important step.

soil weevil must feed active-

CONTROLLING CUT WORMS.

By R. R. Reppert,

Reports from various sections of
the state indicate that garden crops
are being cut off by cutworms, and
as soon as cotton appears, it is al-
most certain that heavy losses to
this crop will occur. We consider
the situation as serious.

Cultural measures at this time will
be of little avail. Dependence must
be placed now in the poison bran
mash, made as follows:

Coarse wheat bran, 25 lbs.
White arsenic or Paris Green, 1 lb.
Cane or sorghum molasses (avoid
corn syrup), 2 quarts.
Water enough to make a wet mash
that can be readily sown.

Lemons, 6 fruits.
Mix the poison thoroughly with the
bran. Squeeze the lemons and grind
the rinds in a fine meat chopper,
and add both to two gallons of water.
Add this mixture so every particle
is wet. The mash should be thor-
oughly moist, yet so that when sown
it readily falls apart.

APPLICATION OF THE MASH.
Damage may be expected to crops
over patches where weeds or grass
were growing just previous to soil
preparation, or bordering weedy
fence rows. Here it may be well
two or three days before the crops
appear above ground, to sow the
mash broadcast using twenty-five
pounds to two or three acres. In
case the worms show attack the plants
after these show above ground,
whether in garden or field, place
about one-fourth tea-spoonful of
the mash at the base of each plant,
or in the case of row crops, apply a
thin stream of the mash along the
rows.

WINGLESS MAY BEETLES. The
same poison bran mash will contro-
l the Wingless May Beetle, otherwise
known as the "Four-o'clock Bug"
if sown where they are found doing
damage. We anticipate an infesta-
tion of these this spring.

GRASSHOPPERS. We do not
expect a general heavy infestation
of grasshoppers. Sow the bran mash
if they appear.

WHAT EVERY HOUSEWIFE SHOULD KNOW.

TO CUT MERINGUE—Wet the
knife with cold water when cutting
a meringue pie and the meringue
will not stick and pull off.

WHEN MAKING A BERRY
SHORTCAKE, stew a few stalks of
rhubarb until very tender, sweeten
well and add to the crushed berries.
This makes the berries go further
and we think it improves the flavor.

IN MAKING BAKING POWDER
BISCUITS it is not desirable to de-
velop the gluten in the flour. This is
why biscuit dough should be handled
as little as possible in order that it
may be flaky instead of spongy.

TO FRESHEN MARSHMAL-
LOWS that have become dry, place
them in the bread drawer with a cut
loaf of bread. In a short time they
are as soft as fresh marshmallows.

INK STAINS may be removed by
covering with powdered borax and
saturating with peroxide.

FOR AN APPLE SAUCE THAT
IS DIFFERENT and delicious make
the sauce in the usual way, using
finely flavored apples. Then add to
this a third the quantity of orange
pulp, and boil for a few minutes.
Flavor with grated orange or tan-
gerine peel and a little grated nut-
meg.—Marian Jane Parker.

GIVE THE FARM HOME A DISTINCTIVE NAME.

"Name your farm home" is the
slogan of a movement fostered by
home demonstration agents in Ten-
nessee for the past four years. More
than 3,000 homes have already been
named, according to a report received
by the United States Department of
Agriculture. This year the idea is
again being stressed, as there are
still many homes which have not
registered a distinctive name either
with the extension service or the
State Department of Agriculture.
The State recently passed a law per-
mitting such registry.

Farm owners are urged to give
some thought and trouble to the
selection of the right name. It should
be dignified, suitable, lasting, not too
common, easy to say, easy to read,
and easy to remember. It should
appear in the mail box or over it, or
on a signboard, or on the gate. It
is intended that it should be used
on letterheads and on the label of
anything sold from the farm.

The naming of the farm home is
often the first step in general home
improvement. There is an effort
to live up to the spirit which has been
embodied in the new name. The in-
direct effect of the name can often
be seen in the grading and standard-
izing of products offered for sale.

THE BEAUTY OF PLANTATION MELODIES

In a recent article, H. L. Mencken,
the famous literary critic, pays en-
thusiastic tribute to the beauty of
the old Southern plantation melo-
dies. He says: "The black unknown
who wrote, 'Swing Low, Sweet Char-
iot,' 'Deep River,' and 'Roll, Jordan,
Roll,' for I suspect that one bard
wrote all three—left a heritage to
his country that few white men have
ever surpassed. He was one of the
greatest poets we have ever produc-
ed, and he came so near to being
our greatest musician that I hesi-
tate to look for a match for him.
There should be a monument to him
in the South."—Editor Clarence
Poe, in the Progressive Farmer.

CAUTIONS.

London Opinion: "So you wish to
leave to get married, Mary? I hope
you have considered the matter
seriously?"

"Oh, I have, mum. I've been to
two fortune-tellers and a clairvoy-
ant and looked in a sign book and
dreamed on a lock of 'is 'air, and
I've been to a medium and an astro-
logist, and they all tell me to go
ahead, mum. I ain't one to marry
reckless like, mum."

FORWARD, THE "WET" BRIGADE

Irrigation by Conservation Receives New Impetus In South Texas

T. C. RICHARDSON

Field Editor in Farm and Ranch.

THE Recent reorganization of the
great Medina dam irrigation project
near San Antonio brings to frui-
tion the dream of far-sighted men
who pioneered in this, the first ex-
tensive irrigation work in Texas
based on conservation of flood
waters. At this time, when the en-
tire State is aroused as never be-
fore to the expediency of conserva-
tion and irrigation, the story of the
Medina project is worth relating.
About fifteen years ago Dr. F. S.
Pearson, a distinguished engineer
with irrigation experience all over
the world, conceived the idea of the
dammings of the Medina River on its
upper stretches, and the dam was
completed in 1912. The dam is a
concrete structure 1,580 feet long,

14 feet high above the river bed, and
128 feet wide at the base. At the
time it was constructed it cost more
than \$2,500,000; it would cost a
great deal more now, due to increas-
ed costs of material and labor.

At high water mark the reservoir
extends sixteen miles upstream from
the dam, and covers nearly ten sec-
tions of land, containing 254,010
acre-feet of water.

Four miles below the storage
dam is a diversion dam, itself fifty
feet high, and from here the main
canal carries the water by gravity

to the irrigable lands below. The
main canal is twenty-four miles
long, and with the diversion dam
added a cost of \$1,222,000 to the
project. A storage dam in the heart
of the irrigable lands, known as
Chicon Lake carries a supply for
immediate use at all times, and fifty
miles of laterals distribute the water
to the first unit of 8,500 acres.

The lands under the project com-
prise slightly more than 40,000
acres, and consist of a wide variety
of soils, ranging from the light
Norfolk sand to the rich black Hous-
ton clay, thus making possible the

production of a great variety of
crops.

A Long Sleep.

These, briefly, are the physical
features of the project, completed in
1912; that it has not been entirely
completed and settled during all
these years has been due to some
legal complications which arose be-
fore the World War, and the sub-
sequent death of Dr. Pearson in the
sinking of the Lusitania in 1914.
During the interim the land already
in cultivation has been subject only
to yearly lease by the receiver, since
it could not be known when the re-
ceivership would end.

A few months ago all problems
were resolved by the organization of
(Continued on Page 9.)

Main Medina Lake Dam, 1580 feet long and 164 feet high.

FORWARD, THE "WET" BRIGADE.

(Continued from First Page.)

an irrigation district under Texas
laws, and the irrigation system be-
came the property of the lands to
be served by it. It all now becomes
available for settlement, and laterals
will be extended to the entire tract
as rapidly as possible.

During this long sleep the devel-
opment of Medina Lake as a fishing
and pleasure resort came about, and
the possibilities of the soil under
irrigation were proved by farmers
who rented from the receiver. Corn,
cotton, oats, and hay are the prin-
cipal staple crops grown, but many
acres have been devoted to onions,
spinach, cabbage, tomatoes, and
other truck crops. Peaches, plums,
and grapes are grown on adjoining
lands, and the Webb and Norfolk
soils will probably find their best
development in fruits.

One Billion Plants.
The greatest enterprise at present
in this territory, outside the ir-
rigation project itself, is the im-
mense plant farm of C. H. Melton,
at Devine. From this farm, water-
ed by the Medina system, go annually
many carloads of onion, cabbage,
and potato plants. A large pecan

orchard, now reaching bearing age,
also occupies some of the irrigated
land. Two trunk line railroads cross
the land, and on or near are the
small towns of Devine, Lytle, La-
Coste, and Natalia, while at its near-
est point the irrigable land is only
about fifteen miles from the city of
San Antonio.

The plant farm expects to ship
this season about 1,000,000,000
plants, and several thousand acres
are being prepared for staple crops,
although only a small part of the
land has yet been placed on the
market. The construction of roads
connecting farms with the paved
highway which crosses the tract, is
in progress and the platting of the
land in farms of approximately forty
acres each will be completed with-
in the next few months. A unique
feature of the platting is that nat-
ural boundaries, such as roads, can-
als, creeks, etc., are used wherever
possible, thus eliminating the in-
convenience of canals and laterals
cutting across fields. A detailed soil
survey is being made by scientists
from A. and M. College.

The original owners of the Me-
dina project spent about \$7,250,000
in purchase of land and construc-
tion, the latter item amounting to

\$4,607,000. The newly-organized dis-
trict took over the irrigation sys-
tem as it stands for \$1,779,000 and
has \$721,000 with which to extend
the canals and laterals over the re-
mainder of the land. This will mean
the development of about 1,000
farms with an ample supply of
water, flowing to the fields by gravi-
ty—not a pump on the project.

Down on the Nueces a water-im-
provement district centering around
Cotulla was formed some months
ago. It has completed the prelimi-
nary surveys, which promise the
watering of more than 100,000 acres
principally in LaSalle county.
Bonds to the amount of \$7,333,000
have been voted, and construction
of an immense dam on the Nueces
is expected to begin within a few
months. Small acreages which have
been irrigated from the natural flow
of the river, or from small dams,
will become insignificant compared
to the new project.

In Frio County another district
recently formed has voted funds
with which to do the engineering
work, outline a system, and make an
estimate for its construction. The
Frio and Leona rivers will supply
the water for this project, which
also promises to be an extensive one.

Projects now being planned or
under construction are based upon
careful engineering work, rainfall
data, and soil knowledge, and are
allowed to go ahead only after ap-
proval by the State board of water
engineers, which first determines as
accurately as the data at hand will
allow, whether there is reasonable
assurance of sufficient water for all
the acreage included.

The pioneer conservation and ir-
rigation project of this section, that
on the Medina, despite having "hung
fire" for all these years, will be the
first to get under development since
its water is available, but with the
increased interest all over the State
and the steps being taken in several
sections, the irrigated acreage bids
fair to be multiplied several times
within the next few years.

Texas is already a "billion-dollar"
State; when her available water re-
sources are utilized to multiply the
production of her fertile acres, both
her population and her production
will grow by leaps and bounds. More
than forty promising sites for water
conservation have been located by
the State board of water engineers,
on only a few of which definite steps
have been taken toward develop-
ment.

This Pecan Orchard is on Medina Valley Irrigated Acreage. Pecans Flourish on These Lands.

ARE YOU A GOOD CITIZEN?

"The obligations of citizenship do
not rest solely or chiefly in the ex-
ercise of the privilege of voting, or
in conducting campaigns or in hold-
ing offices. Important as are all
these duties their performance will
amount to nothing unless our citi-
zens are imbued with the spirit of
our institutions, which means re-
spect for a government of law, a
sincere desire to better in every
practical way the conditions of hu-
man life, loyalty in all relations of
life, and the disposition to be kind-
ly and fair in all dealings with one's
fellow men."—Charles E. Hughes.

OUR HIRED MAN.

The hired girl says the kitchen
stove is balky. It refuses to draw,
so, knocking the soot out, is another
job for a rainy day.
The boss and me clean our cows
twice as many times in a week as
our neighbor, but only spend half as
much time and get a better job all
around.
Maybe the work is hard some-
times, but it makes the food taste
better.
The boss always looks at every
cow in the herd like he does at the
hired man. He says, "If I've got to
pay for their keep and shelter, that's

a bargain, provided I make a profit
on them."

The boss and the missus had an
argument the other night as to
whether to get a new automobile or
a fur coat for the missus. They
compromised and now we get a new
concrete floor in the cow stable.

DON'T KILL THE BIRDS.

Department of agriculture estima-
tes give 75 billion as the probable
number of birds in the world, about
40 times the number of people.
They estimate five billion birds in
the United States alone.
Birds are mankind's best friends.

Practically every bird is a costless,
automatic, self-perpetuating bug-
and-worm-killer, without whose aid
the country would soon swarm with
insect plagues like those of Egypt
in the times of Pharaoh.

It is perhaps good business for
the nation that gun and ammunition
prices are so high that comparative-
ly few people can buy them for
bird-killing. There was a time when
the household shotgun was desirable,
even necessary to fill the family
larder; now the kitchen table is sup-
plied best, by the absence of the
means to kill the birds that save the
crops.

SCOUT EXECUTIVE BOARD MEETS.

The Executive Board of the South west Texas Council, Boy Scouts of America, held its October meeting in Sabinal last Friday, October 15. The Board was entertained at dinner by the Sabinal Rotary Club.

Following the lunch period, the board held its session in the Chamber of Commerce hall. Mr. George Love of Del Rio, the president, presided. He introduced Mr. M. M. Fulmer, the new Scout Executive, who made a short talk outlining his policy as Executive. In brief, that policy is; (1) to serve the boys of Southwest Texas in the best manner possible, through finding and training local leaders; (2) to put on short courses of training in various towns, which will enable men to get the Scouting outlook, and to understand the real purpose and ideals of Scouting; (3) to keep within the budget allowance of the Council, and to render a faithful account of all financial matters to the citizens of the area.

The Board unanimously voted to co-operate with Mr. Fulmer in this policy. Mr. Campbell, until recently acting executive of Southwest Texas Council and now Regional Deputy of Ninth Region, U. S. A., made his report on the work of the organization. He showed that every county was organized for the work except Real, and that finances were pledged sufficient to guarantee the work for the remainder of the fiscal year (until June 1). The work will be organized in Real County this week by the new Executive.

Other matters of business were disposed of and the board adjourned to meet at Leakey in November. Those present, including the visitors, were: George E. Love, Del Rio; Dr. A. J. Springfield, T. A. Springfield, Prof. H. N. Roark, Leakey; Rev. N. C. Scott, Rio Frio; D. W. Price, Andrew F. Smyth, Uvalde; V. G. Denson, Brackettville; Prof. R. H. Marrs, W. D. Harp, L. Mahaffey, Dr. I. N. Cavender, E. S. Connell, Sabinal; Rev. W. D. Ezell, Hondo; John C. Campbell, San Antonio, Regional Deputy B. S. A., and M. M. Fulmer, Uvalde, Scout Executive Southwest Texas Council, B. S. A.

GAS SAND IS HIGH ON ADAMS TRACT IN GOLDEN WEST.

Golden West Oil Company's No. 1 Adams in Medina County north of the Henderson and Holden gas wells at 726 feet has gone into a sand showing a lot of gas. It is showing back pressure on the pumps and casing will be set for a test. The well is northwest from the Witherspoon Oil Company gasser that was completed at 957 feet and which is rated at about 6,500,000 cubic feet. The distance between the wells is a little over half a mile. The Golden West well being a little north of west from the Witherspoon well. The difference in the depth is over 225 feet.

The Golden West well is about a quarter of a mile north of the No. 3 Adams of Henderson & Holden which gauged about 6,270,000 feet of gas at approximately the same depth as the Witherspoon well. Further developments and testing of the Golden West well will be a matter of considerable interest. It seems to further indicate the existence of a fault line there. It was too early Tuesday to tell with certainty what the gas showing would develop and it may be necessary to drill deeper.

Golden West was drilling in expectation of picking up gas and expected to use the gas for fuel in the operation of its wells in the Ina field a couple of miles to the north. However, no operator would object while drilling for gas to run into a new oil pool.

RUMINATIONS OF UNCLE BILLY BOLL WEEVIL.

By R. R. Reppert, Entomologist.

"Please leave me some green cotton to eat this fall."

"I got 800,000 bales of Texas cotton this year. What did you farmers get?"

"Have any of you farmers a nice weedy fence row for me this winter?"

"I have had a fine time in cotton fields this summer, but winter is coming on and I hope you farmers keep me well fed on green cotton this fall and keep some trash about your farms for a warm hiding place this winter."

"There ain't many of us weevils that can live until spring, but we can multiply into the millions by July."

"I got a lot of trash along the ditch picked out to spend my winter."

The leaf worm did not leave much, but it is enough to feed me until frost."

In the Kitchen with 6 Famous Cooks

FIVE WAYS TO PREPARE CHICKEN

These Are Favorite Recipes of Four Famous Cooks

(Editor's Note: This is one of a series of unusual cooking articles contributed to this paper by six famous cooks.)

Chicken is a universal favorite. Very few folks can find it in their hearts to refuse a second helping of this appetizing fowl. Four famous cooks give tempting recipes for cooking it—fricassee, fried, broiled, stewed, and soup. There's variety enough for everyone!

MRS. SARAH TYSON RORER

Mrs. Sarah Tyson Rorer, the Philadelphia cooking expert, has a recipe for a delicious chicken corn soup.

"This is an excellent dish," she says. "With a salad, coffee, and a bit of ripe cheese it makes a wholesome meal."

Chicken Corn Soup

Har directions follow: Singe, draw, and cut up as for stewing a two year old hen. Put it in a kettle, and cover with three quarts of cold water. Bring to a boil, and cook until tender—about two hours.

Remove chicken, skim the broth, and put it back on the burner. Add two medium sized onions chopped, a teaspoon of salt, dash of pepper, and a box of noodles. Add one pint of canned or fresh cut-off corn. Cover and cook 10 minutes. Add the chicken cut into small pieces. When hot, serve. If too thick, add milk to thin.

Delicious Fricassee

For chicken fricassee, made according to the recipe of Mrs. Kate B. Vaughn, Los Angeles cooking expert, select a young chicken, weighing about 3½ pounds. Season pieces of chicken with salt and pepper, dredge with flour, and fry in hot fat until brown. Place in casserole, add water and cook in hot oven, 350 degrees F. for one hour. Keep the cover on the casserole.

As They Cook It "Out West"

Pacific Coast fried chicken is delicious. You have the word of Mrs. Belle DeGraf for that. Mrs. DeGraf is a domestic science counselor in San Francisco.

For this dish cut one medium sized young chicken as for fricassee. Sprinkle each piece with salt and pepper and dredge with flour. Heat four tablespoons butter or chicken fat in frying pan. Fry chicken until well browned. Cover with hot water. Add one tablespoon minced onion and cook until the chicken is tender, using a low flame. When chicken is done, remove to serving plate. If any liquid remains in pan, drain off in cup.

Put 2 tablespoons of butter in the pan. Add 2 tablespoons of flour. Mix until smooth, then add 2 cups of thin cream, or cream and liquid left to make 2 cups. Stir until creamy. Then add one tablespoon finely shredded green pepper, and a teaspoon salt. Simmer a few minutes, then pour around, not over the chicken.

To prepare the green pepper pour boiling water over it and let stand 10 minutes. Shred with scissors.

Two Southern Methods

Miss Rosa Michaels, New Orleans domestic science specialist, comes from the south, where chicken is one of the most popular dishes. She gives two southern ways of preparing it.

For southern broiled chicken, she says, select a very young chicken. Clean, singe, and split it down the back. It will almost lie flat. Season with salt and pepper, and brush melted butter all over it. Have a broiler ready over a moderate fire. Place chicken in it, and let it broil slowly for a half hour or a little longer if the chicken is not so tender.

Turn the chicken once in a while to brown both sides. When done, place on a heated platter which has been garnished with sprigs of parsley or lettuce leaves. Pour melted butter over chicken, and serve hot.

With Brown Sauce

Chicken prepared with brown sauce is good served with rice, Miss Michaels says. Here are the ingredients:

- 1 chicken
- 2 tablespoons lard
- 1 sprig each of thyme, parsley, and bay leaf
- 1 onion
- 2 tablespoons flour, salt and pepper to taste

Clean and cut chicken in small pieces. Season well with salt and pepper. Chop onion fine. Put lard into deep pot. When hot add onion and let brown. Add flour. Let this brown, and add chicken. Let simmer a few minutes with thyme, parsley, and bay leaf chopped fine. Stir often. When all is nicely brown, add 1½ pints boiling water. Stir until it begins to boil.

If necessary, add more salt and pepper. Cover and let simmer until tender (about an hour). The gizzard, liver, and heart may be cooked with sauce, and served with boiled rice.

No matter if the chicken is old or young, you can make it taste good if you choose one of these recipes.

(Be sure to read the interesting cooking article on this page next week.)

New Toaster

It really pays to invest in a good toaster which lasts a life-time. Many hardware stores are displaying a new blue glazed toaster. It makes four evenly browned slices of toast at a time. It does not warp. Very handy too, for crisping breakfast cereals. Its handle is ever cool. It can be used with equally good results on oil, wood, coal, or gas stoves.

AN APPRECIATION.

Office Of
Game, Fish and Oyster Commission
Turner E. Hubby
Austin, Texas.

October 14th, 1926.

Mr. Fletcher Davis,
Hondo, Texas.

My dear Sir:

Our special deputy, Mr. Walter Jersig, has handed us numerous clippings from the Anvil Herald containing the game and fish laws of this state and other additional matter pertaining thereto. We wish to express our appreciation for this for you are doing a great service for this department and for the people of Texas. We believe the most important part of our program is the educational work and if all the newspapers of this state would aid us as you have done, the work of this Department would be easier.

Again thanking you for your interest, I am,

Yours very truly,

FRED E. MORRIS,
Chief Deputy.

LET US SUPPLY YOUR BATTERY NEEDS. WE SELL THE WELL KNOWN GENUINE PREST-O-LITE GUARANTEED BATTERIES, AS LOW AS \$13.95. PHONE 157, CITIZENS MOTOR CAR CO.

WIDER HIGHWAYS ADVOCATED

Construction of wider highways to reduce the loss from inadequate traffic facilities, was urged at the recent National Conference on Street and Highway Service.

The adoption of wider highways is pronounced in some states, many roads known as "super highways" being projected with at least four one-way traffic lanes and sometimes six or eight, with the heavy trucks separated from the lighter automobiles, and with better provision for highway safety.

Commercial losses from traffic congestion are becoming serious. It has been conservatively estimated that the loss of the whole United States averages \$10,000,000 a day. The fuel loss and the wear and tear on cars and trucks due to stopping and starting is considered comparable to the loss of time.

Highway officials, engineers and traffic experts are advocating improvement with the less expensive types of hard-surfacing, such as asphalt penetration macadam, of the secondary roads everywhere, so as to relieve the trunk line highways, which must necessarily bear the through traffic. This is to relieve congestion, and afford the higher-speed pleasure vehicles more room in which to cruise on hard road surfaces.—Selected.

Perfection Demonstration

All this week Come in!

All this week you can see practical demonstrations of the Perfection Stove six famous cooks have tested and endorsed. Look for above sign in store windows. See the stove today and judge for yourself what the experts approve. Prices and sizes to suit every need.

"Utensils free from soot," says Philadelphia cooking expert

Glass door oven. Baking always visible. Browns both top and bottom due to rapid "live heat" circulation from 108 holes. Special catch seals door perfectly, saving heat for baking. Get a Perfection oven heat indicator, also. Don't guess at oven temperatures.

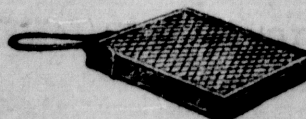

THIS PERFECTION is the model the six famous cooks used in their tests. It is being demonstrated today at all dealers, along with other Perfection models. See its actual performance with your own eyes. You'll be convinced the experts are right in endorsing Perfection Stoves!

Cooking begins when you touch a match to the wick. No time lost in heat generation. Clean, intense heat flows up the long chimneys direct to your cooking. Every drop of oil is completely burned before the heat reaches utensils so they are kept clean and unstained.

Each burner is independently operated and capable of every range of heat. You can bake, boil, broil, fry and simmer on a Perfection—all at one time. Adjust the flame for any cooking process and it remains as you set it. Be sure to see the Perfection demonstrated today. In size from two to five burners.

Ideal stove for camping. Fast Perfection burner, protecting wind-shield, ever cool handle. Stands firm on circular base. Won't tip easily.

Four pieces of tempting brown toast quickly made at one time on this Toaster. Handle is always cool.
